FIRST NAME

Choose the courses you would like to take next year by circling or highlighting the course. As a junior, you may want an abbreviated schedule with a minimum of six classes. This is only possible if you have earned all of your required credits up to your junior year. If you are involved in an NMAA sanctioned activity (FFA, Choir, Band, Athletics, FCCLA, BPA, etc.) you must be involved in four in- class courses the entire year.

Students hoping to take dual credit courses, may indicate this on this form, however, this DOES NOT sign you up for the course. Additional college paperwork is required. You MUST see your counselor to complete the process. For dual credit guidelines, please see the 2020-2021 Dual credit/Honors Guidelines page.

On the backside, please select electives and list 3 alternate electives. Choose with caution, as you will remain in the course/courses that you select. We will not be changing schedules from a course that you have chosen.

The period each class will be offered is not important. That will be decided when the master schedule is finalized.

Core Courses

English

English III
Honors English III
ELD III

Science

Chemistry
Honors Chemistry
Anatomy & Physiology
Earth & Space
College Science Course _____

Math

Financial Literacy
Geometry
Algebra II
